Subject Index

Abnormalities and lesions of the cecum and ileocecal valves simulating carcinoma, with two case reports (5) 6

A case of acute fulminating ulcerative colitis—A complete cure and its urgent implications (6) 10

Acquired double channel pylorus—Case report (9) 14

Acute incarcerated procidentia in the adult (11) 4

Amoebiasis of small intestine—An unusual presentation (3) 18

A new concept of the anatomy of the anal sphincter mechanism and the physiology of defecation. XIV. Anal canal. A fallacious embryological and anatomical entity (4) 14

An unusual presentation of an extraperitoneal colostomy perforation (10) 22

A simple and safe technique for the local excision of gastric leiomyoma using staples (8) 21

Bilharzial infestation of rectum and colon (9) 20

Book reviews (1) 20; (2) 32; (3) 23; (5) 24; (8) 10; (10) 26

Carcinoma of rectum (Results of twenty years follow up) (6) 14

Carcinoma of the colon and rectum in young adults (4) 7

Carcinoma of the pancreas (uncinate process with relatively normal pancreatogram)—Case report review article (4) 34

CEA Serum values controversy (2) 24

Cloacogenic carcinoma (9) 6

Colonoscopic polypectomy in outpatients (11) 2

Colonoscopy in colon diseases (6) 18

Convenient and economic treatment of hemorrhoids by rubber band ligation (10) 20

Cryosurgery or electric coagulation? An experimental study on animals (8) 17

Early Crohn's distal ileitis, acute appendicitis and carcinoma of the proximal transverse colon in a 39-year-old woman: A case report (1) 6

Early detection of colon and rectal cancer (12) 17

Effects of a scalding hot barium enema upon the human large bowel—Report of an unusual case (7) 10

Epidermoid carcinoma of the anus with secondary luetic infection (7) 6

Esophageal dilation with Eder-Puestow dilators under direct visual control (7) 14

Experimental gastric ulcer produced by electrocoagulation (3) 14

Fecaliths in the diagnosis of acute appendicitis (7) 21

Gastrointestinal hemorrhage from retained intragastric foreign body: A case report (10) 7

Giant fecaloma with dolichomegasigma (2) 9

Incarcerated femoral hernia of appendix (11) 11

Incarcerated transmesenteric hernia—A case report (8) 12

Leiomyosarcoma of the colon with hepatic metastases (8) 14

Metastatic adenocarcinoma of the breast masquerading as Crohn's Disease of the colon (5) 10

Metoclopramide and gut (9) 9

Neo-sphincter and Neo-stomy—New surgical views for myoelectric stimulated continence. A clinical experience. Preliminary report (7) 16

Office left colonoscopy (9) 23

Primary melanoma of the gall bladder (10) 13

Rapid evolution of colon cancer from a colonic polyp—Report of two cases (1) 15

Rapid preoperative preparation of the colon with PVP-iodine enemas. An experimental study (10) 27

Reflections of Hippocrates (Convocation Address) (6) 7

Subcutaneous emphysema of the lower extremity due to gastrointestinal disorders—Report of a case of obturator hernia (1) 11

The histopathology of chronic persistent hepatitis (12) 6

The psyllium colloid contrast enema—a method for evaluating anal sphincteric continence (2) 30

The role of enzymology in different conditions of colon and rectal mucus (3) 6

Torsion of the appendix (9) 21

"Tube" and "marsupialization" colostomy—A simplified technique for colostomy (11) 12

Ulcerative colitis and life-threatening hemorrhage: A case report (1) 18

Use of the colon segment as a gastric substitute after total gastrectomy (8) 7
